- The sooner all players are registered the sooner we can disseminate information on coach/team assignments and practice schedules.
- Our program fills up extremely fast. We strongly encourage you to register immediately.
- You are only considered registered if you have completed the registration process, your player's USL membership is up-to-date, and the registration fee is paid in full.

- Registration is \$360 if completed by January 31st. Registration received after January 31st is \$395.
- Registration fee includes a uniform (jersey, shooter shirt and shorts).

➤ ***Does my player's age need to be verified?***

- Yes. All players must be verified through the US Lacrosse age verification program.

➤ ***When does the season start and how long does it go?***

- Teams will begin practice either the week of February 26, 2018 or the week of March 5, 2018.
- The season will conclude with the CYLA state championship tournament the weekend of May 19-20, 2018.
- Each team will play on only one of the dates (Saturday or Sunday) the weekend of the end-of-season tournament. We do not know the schedule for this tournament until it is released by the CYLA (usually sometime in April). We recommend you make sure your player is available for both days.
- Some teams will choose to participate in additional tournaments that take place during the CYLA regular season and/or after the CYLA regular season

has concluded. Participation in additional tournaments is determined on a team by team basis and additional costs will apply.

➤ ***How are spring teams formed?***

- Teams are not formed based on head coach selection. The Jets have a Team Formation Committee made up of our head coaches and Executive Committee members which meets several times throughout the spring registration process in order to formulate all of our competitive teams.
- Our primary goal is to place each player on the team that provides them the best opportunity to develop and succeed as a lacrosse player as well as continue to develop a passion for the game. We make every effort to place each player on the most appropriate team and at the most appropriate competitive level within the league. This is based on many factors including, but not limited to, prior performance, skill, experience, team availability and manageable roster sizes.
- If you are a new player to the Jets we may reach out to you to collect relevant information that will help us place your son on the most appropriate team.
- Each year we may have tryouts for one or more age groups. If there will be tryouts for a specific age group we will notify you of the tryout details as soon as possible.
- Depending on team sizes, coach availability and registration numbers, it is possible we may need to wait-list some registrants. Returning players are given preference. If we must place your player on a wait-list, we will notify you as soon as possible.
- Players are not guaranteed to be on the same team from year to year.
- We do not consider any special requests for team placement (for example: friends, family members, neighbors, classmates, carpools, practice locations, coaches, etc.)
- We do not consider parent or player requests for players to “play up” or “play down”.

- For the spring 2018 season we will be having a player evaluation for players currently in 4th, 5th, 6th, 7th and 8th grades. Please see additional information at www.jetslacrosse.com/evaluation-faqs.asp.

➤ **How are players/teams placed in divisions?**

- Per CYLA rules, teams are based on grade, with a corresponding age cut-off. Please see below for the division matrix.
- For the spring 2018 season, the U7, U8 and U9 divisions play 7 vs. 7 on a short-sided field. All other divisions play 10 vs. 10 on a regulation sized field.
- All current 8th graders are eligible to play, regardless of date of birth.
- Players in high school (9th grade or higher) are not eligible to play.

➤ ***Where and when do Jets teams practice?***

- Subject to field availability, head coaches will determine practice days and times for their teams.
- We will not know the practice schedule and location for teams until teams have been finalized and we have received final field permits from Denver Public Schools, Denver Parks and Recreation and the Stapleton MCA. Once we

have this information and the practice schedules are set we will notify all teams.

- We anticipate all our practice fields will be in and around the Stapleton and Park Hill neighborhoods.
- Teams will generally practice two or three times per week from 5:00-6:30pm prior to Daylight Savings Day (Sunday, March 11th) and 5:30-7:00pm after Daylight Savings Day.
- Some teams may practice over Denver Public Schools spring break (March 26 – March 30). This is determined on a team-by-team basis.
- We do not consider requests for a player to practice at a specific time and/or location.

➤ ***When will we receive information about which team our player is on?***

- We will provide additional information on team rosters and practice schedules and locations to parents Monday, February 19, 2018. Practices will start the week of February 26 or the week of March 5. This is determined on a team-by-team basis.
- Coaches will contact their teams as soon as rosters are finalized.

➤ ***What equipment is each player required to have?***

- All players are required to provide their own personal equipment – lacrosse stick, helmet, shoulder pads, elbow pads, gloves, cup and mouthpiece.
- Cleats are not required, however, we strongly recommend your player wear cleats to all practices and games.
- See our [equipment page](#) for more detail.

➤ ***What size and number uniform will my player receive and when will the uniforms be distributed?***

- All players (new and returning) will receive a new uniform for the spring 2018 season.

- We will be having at least two sizing nights in February at the Bladium (2400 Central Park Blvd., Denver, CO, 80238) in Stapleton. Players will be able to try on uniforms and select a size during this time.
- We strongly recommend you attend one of the sizing nights so your player receives a properly sized uniform. If you do not attend one of the sizing nights a uniform size will be assigned to your player and you will be unable to change it.
- At registration each player will provide their top three (3) jersey number choices. We do our best to accommodate each player's number request, however, players are not guaranteed to receive one of their jersey number choices. If we are unable to assign a player one of his top three (3) choices, we will randomly assign an alternate number.
- Returning players are given priority for jersey number selections and will be assigned the same jersey number as last season.
- Uniforms will be distributed to each player during the week of practice prior to the first scheduled game.
- If you register after Friday, February 16th, your player will not have a uniform for the start of the season (at least the first three games).
